CAREER FOCUS

Project coordinator with a UX and front-end background who keeps creative, marketing and web work organized, visible and on time. I've coordinated workstreams across leadership, agents, designers and outside partners for three years, and I've worked alongside UX designers and product managers at Ford and in agile sprints at AAA. Dual degrees in Computer Science and Psychology bring a unique understanding of the how and the why.

INTERNSHIPS

Innovation and IT Intern *Winter 2022, Fall 2022, Spring 2023*

AAA - The Auto Club Group, *Dearborn, MI*

- Worked in agile sprints, using Miro for ideation and Adobe XD for interactive prototypes, on challenges set by the executive team.
- Designed and deployed AWS-hosted websites, including an interactive company-history timeline, and co-built a gamified employee training tool.

Product Development - Digital Account Intern *Summer 2022*

Ford Motor Company, Dearborn, MI

- Turned a UX designer's Figma designs into a working internal website (HTML, CSS, JavaScript) for 5 department teams, coordinating with the product manager on scope and handoffs.

WORK EXPERIENCE

Director of Operations, Rochester, MI *Nov 2023 - Present*

Stewart Team Real Estate Partners

- Coordinate marketing, creative, website and social media workstreams across leadership, 5 agents, photographers and partner builders, keeping timelines and deliverables on track.
- Act as the central point of contact between team members and outside partners, making sure everyone has the assets and documentation they need.
- Manage timelines, communication and handoffs for multiple concurrent deals.
- Schedule and run team meetings and assign and track action items to completion.
- Own brand standards and a Canva template library used for listing packets, social posts and marketing materials.
- Deployed company website alongside Marketing company and manage updates.
- Wrote playbooks, checklists and intake workflows that made the team's delivery more consistent and predictable.
- Developed and deployed multiple web tools with AI to ease agents' workload, including an investment property scoresheet, an interactive competitive builder dashboard (HTML, JavaScript, Leaflet.js) and a buyer-matching tool for vacant land listings.

Assistant Manager (Server since 2017), Oakland Twp, MI April 2017 - Nov 2025

Wyndgate Country Club

- Coordinate staff and service flow for hundreds of members and guests; train new hires on service standards.
